Subject: Senate Bill 1129

To Whom it May Concern:

I am in favor of Senate Bill 1129.

Please do not continue to compound the problems we face today, as a society, and as police officers, by releasing our most dangerous and recidivist offenders. Make these criminals serve the full sentences relevant to the crimes they have committed. Law abiding people of our State should not have to worry about falling victim to these predators who have already demonstrated that they only know how to take from society - not give back to it.

Respectfully,

Matthew Catania
Chief of Police
